

HOTS

Healing On The Streets

Imagine Herefordshire: the city and county, alive to the glory of God; encountering Him through His people; awakened to the glory of God and awakened to His reality among them. Imagine healing, signs and wonders out there among the people as we impact our community with Kingdom love, power and authority!

"HOTS is an authentic expression of the Church in action".

"Taking the Church out into the city"

"Healing on the Streets: Christians going out into town centres and onto city streets and praying for the sick in a low risk, high grace way"

Rev Dr Mark Stibbe (*St Andrews, Chorleywood and The Father's House Trust*)
