

Notice Board for Sunday 1st August - The Ninth Sunday After Trinity

Flowers at St James' Church

We are very grateful for the rota of volunteers who do the week-by-week work of arranging flowers for us in St James' - it really does help us rejoice in God's bounty and the beauty around us. But .. there is still the need for someone (or some two maybe!) to *oversee* and *coordinate* the work, so that we can ensure there are no gaps, and we know who is taking overall charge of this part of our church work. So if you are part of the St James' community please do be thinking and praying about whether this is a role you might be able to take on for us all? Please talk to Paul or one of the churchwardens if you are interested in getting involved.

*

At the prayer meeting on July 20th, we were praying for Finding Life in the City-the FLIC project-the reordering of St Peter's Church. Part of that work will include raising the floor level in the church. As we prayed I had a vision of the floor being slowly raised up. As that was happening I was also sensing a heightened spiritual awareness within the building, getting stronger, extending out into St Peter's Square and beyond into the city centre—
Finding Life in the City. *Margaret Butcher.*

**Relentless FC, the Christian Outreach
football team will commence their second season in the Herefordshire Football
League in September.**

This season we would love others to join the team if they have a willingness to do any of
the

following tasks, or be part of rota to accomplish them:

Erect nets and flags at each home game,

ensure a full tea urn and cups are brought to each home, and maybe some of the away
games, act as official photographer at team games, take some video clips, interviews with
players etc, match Reporter for local paper, come to support on the day, take responsibility
to have the players kit laundered, help with the serving of meals and washing up back at
Christian Life Centre.

If you know anyone in your church who would love to serve in any of the above areas it is a
great way to outreach. Please ask any volunteers to contact Frank Cornthwaite: 01432
376729 or 07974 685299.
